📌 **11. Important Notes & Disclaimers**

- All policies are subject to change without prior notice. Please check the latest version on our website.

- eCard reserves the right to reject any return, refund, or replacement request that does not comply with the stated conditions.

- Fraudulent returns or repeated abuse of the return policy may lead to permanent account suspension.

- Always keep your original invoice, packaging, and accessories safely until the return/refund process is complete.

- During festive seasons or high-demand periods, delivery and processing times may be slightly longer.

- These policies are governed by the laws of India.

🛡️ 12. Warranty Policy

At eCard, all products come with the **original manufacturer's warranty** as provided by the brand. We do not offer any seller-level warranty beyond what the manufacturer provides. Warranty coverage varies by brand, product category, and model — always check the specific warranty details mentioned on the product page before purchase.

Warranty Start Date The warranty period begins from the **date of delivery** (or date of installation for products like TVs, ACs, refrigerators, and washing machines, as per brand guidelines). Proof of purchase (original invoice) is mandatory for any warranty claim.

Typical Manufacturer Warranty Periods (Examples):

- Smartphones & Tablets: 1 year on device, 6 months on battery and charger
- Laptops & Computers: 1–3 years (depending on brand and configuration)
- Earphones, Headphones, Chargers & Accessories: 6 months to 1 year
- Smartwatches & Wearables: 1 year
- Televisions & Home Appliances: 1 year comprehensive + additional years on compressor/motor (e.g., 2–10 years on select parts)
- Power Banks & Cables: 6 months

What is Covered under Manufacturer Warranty?

- Defects in materials and workmanship under normal use
- Manufacturing faults causing malfunction (e.g., dead pixels on screen, faulty motherboard, non-working camera)
- Free repair or replacement of defective parts by the brand's authorized service centers

What is NOT Covered (Common Exclusions):

- Normal wear and tear (e.g., battery degradation after heavy usage)
- Physical or liquid damage, accidental drops, scratches, or cosmetic damage
- Damage caused by unauthorized repairs, tampering, or use of non-genuine accessories
- Misuse, negligence, improper installation, or operation outside the specified guidelines
- Damage due to natural disasters, fire, theft, or unauthorized modifications (rooting/jailbreaking)
- Consumable items like batteries, ear tips, screen protectors (unless specified)
- Software issues, viruses, or data loss
- Products purchased from unauthorized sellers or grey market imports (warranty may be void)

Manufacturer Warranty vs. eCard Policies

- The initial **7-day return/replacement window** (as per Sections 2 & 8) covers "dead on arrival" or obvious defects.
- After 7 days, all warranty claims must be handled **directly with the brand's authorized service center**.
- eCard facilitates the process by providing your invoice and supporting documents, but the final decision rests with the manufacturer.

🔄 How to Claim Manufacturer Warranty

1. Visit the brand's official website or contact their customer care to locate the nearest authorized service center.
2. Carry the following documents:
    - Original eCard invoice (digital or printed)
    - Original product box with serial number/IM EI number
    - Warranty card (if provided by the brand)
    - Any accessories related to the issue
3. Explain the issue clearly and provide proof (photos/videos if possible).
4. The service center will inspect the product. If the claim is valid, repair or replacement will be done free of cost (subject to brand policy).
5. Turnaround time usually ranges from 7–21 days, depending on the brand and part availability.

eCard Support During Warranty Claim If you face any difficulty registering a claim with the brand, contact eCard support with your Order ID. Our team can:

- Verify your purchase
- Provide a copy of the invoice
- Guide you on the correct service center
- Escalate genuine cases with the brand (where possible)

Extended Warranty (Optional – Available at Checkout)

For added peace of mind, eCard offers **Extended Warranty Plans** (powered by authorized partners) on select high-value electronics.

Benefits of Extended Warranty:

- Extends coverage beyond the manufacturer's warranty (typically 1 or 2 additional years)
- Covers manufacturing defects after the original warranty expires
- Some plans may include accidental damage protection or on-site repair (depending on the plan chosen)
- Easy claim process through eCard or partner portal

Extended Warranty Pricing & Terms:

- Cost: Usually 5%–15% of the product price (shown at checkout)
- Coverage starts immediately after the manufacturer's warranty ends
- Maximum liability is limited to the purchase price or cost of repair/replacement
- Must be purchased at the time of order (cannot be added later)
- Not available on all products or in all locations

How to Claim Extended Warranty:

1. Raise the request via eCard app/website under "My Orders" → "Warranty Claim"
2. Upload invoice, photos of issue, and product details
3. Our partner will schedule inspection/repair (at-home service available for select categories)
4. Approved claims are processed within 10–15 business days

Important Notes on Warranty:

- Repeated invalid claims or abuse of warranty may lead to blacklisting of the customer/account.
- Warranty is non-transferable and valid only for the original purchaser.
- For products with international warranty, service in India may be limited or require additional charges.
- During festive sales or high volume periods, service center wait times may increase.
- eCard is not liable for any delays or decisions made by the manufacturer or service centers.
- Always register your product on the brand's website immediately after purchase for faster service.
